

## Packaging and Presentation.

Our prices include the presentation boxes to complement your purchase. Watches are supplied in the manufacturer's fully branded presentation box.

Our jewellery is supplied in white padded leather look presentation boxes with white satin liners and pads. The box is then finished with a satin bow.

We select the best box for you whether it is for a ring, bracelet, bangle, chain, bracelet or earrings.

We then give the added touch of black outer case which securely carries the jewellery box in a foam insert and so protects your purchase in the post. It also makes it very easy for you to gift wrap!

The presentation of any gift is important – we hope you will like the Chapelle way.
