

This Charm Candy watch can hold your collection of beautiful charms with ease with its convenient screw on/off ends feature.

As you can see from the image to the left, the watch comes supplied with 2 stopper charms to keep your collection securely in place whilst worn and when taking the watch off. These charms can be taken off if desired and replaced with silver Charm Candy stopper beads.

Personalising your watch

*To unfasten the ends....*

The ends of the snake chain at both sides simply unscrew so you can easily remove and add charms to create your ideal design.

Perhaps once you have added your charms you will end up with a watch as special as the one here?
